5X1	Comments. This item of information is believed to refer to the railroad bridge over the Pulwa River near Mysokie (Inewskie in the U.S.S.R. on the Czeremcha-Brest Litovsk
5X1 (2) 25X1	railroad line. Information on this road bridge was transmitted previously. The completion of this bridge is reported for the first time.
(3) 5X1 (4) (5)	For last report on the reconstruction of this bridge This information appears credible. Information on the extension of the Berlin-
25X1	Frankfurt/Oder autobahn as far as the Oder aiver and construction work on an autobahn bridge over the Oder south of Frankfurt was transmitted previously.
25X1	The completion date for this bridge was fixed for 1 October 1953. The present report confirms previous information according to which the Berlin-Frankfurt/Oder automahn was to be extended to the east.
